

Oybek Gaffarov

Senior IT Specialist · System Administrator · Network Engineer

gaffarovoybek21@gmail.com · +998 93 008 5860 · +601 12 374 1353 · Samarkand, Uzbekistan · ogaffarov.uz · linkedin.com/in/oybek21

PROFILE

Senior IT specialist and system administrator with 10+ years across networking, infrastructure, identity, endpoint security and ERP, spanning Malaysia and Uzbekistan. I design, secure and run the IT backbone of modern businesses, supporting a remote-first, security-conscious workforce with zero-trust access, automated backups and tight SLAs, while keeping everything documented and reliable.

EXPERIENCE

Senior Information Technology Specialist

Aug 2020 – Present

Nishon Group · Full-time · Samarkand, Uzbekistan

- Redesigned the office network; deployed **Zyxel firewalls**, managed switches, dual-WAN and SSL/IPsec VPN.
- Deployed **Windows Server** (AD, DNS), administered **Microsoft 365** and automated NAS backups.
- Administered **1C:Enterprise** and provisioned infrastructure for a new ERP rollout.
- Deployed industrial PCs, integrated barcode scanners and weighing terminals, managed **Yeastar IP PBX** and CCTV.
- Developed a driver-facing **progressive web app (PWA)** for confirming delivered orders from the road, integrated with **1C:Enterprise** over its **OData** REST interface.

Duty IT Support

May 2024 – Present

ogaffarov.uz · Part-time · Remote

- Administer **JumpCloud** for centralized directory, SSO and user lifecycle management.
- Manage **Google Workspace** provisioning, group policies and Drive security.
- Device compliance and patching via **ManageEngine Endpoint Central** across a mixed macOS/Windows fleet.
- Secure remote access with **FortiClient ZTNA** and **Pritunl VPN**; Tier 2/3 support through **Jira** with SLA and RCA.

Technical Specialist

Mar 2020 – Jul 2020

Westminster International University · Tashkent, Uzbekistan

- IT operations and network switching support in a university environment.

RAN Engineer

Oct 2019 – Mar 2020

ZTE Investment · Tashkent, Uzbekistan

- Configuration and commissioning of new 2G/3G base stations (BBU/RRU).

Level 1 IT Network Support

Nov 2017 – Oct 2019

Asia Pacific University (APU) · Kuala Lumpur, Malaysia

- Configured **Cisco** and **Ruckus** switches and wireless devices; network maintenance and L1 support.
- Installed CCTV/NVR and ZKTeco access control; connected MS SQL databases to applications.
- Project member for the **Cisco Academy** build.

Technical Assistant

Sep 2014 – Nov 2017

Asia Pacific University (APU) · Kuala Lumpur, Malaysia

- Hardware and software setup in labs; helpdesk call handling and task assignment.
- Troubleshoot PC and network issues; LAN cabling and access point installation.

EDUCATION

M.Sc., Security Architecture

IN PROGRESS

ITP University · Tashkent, Uzbekistan
2026 – 2028

B.Tech, Business Information System (BIS)

Asia Pacific University of Technology & Innovation
Kuala Lumpur, Malaysia · 2012 – 2016

CERTIFICATIONS

Introduction to R — DataCamp · **Certificate of Participation** — Maybank, Jun 2016
